Your Premier Party Rental Company

1155 Route 9, Wappingers Falls, NY (845) 298-0011
1 Precision Road, Danbury, CT (203) 744-2295
20 Putnam Drive, Cheshire, CT (203) 250-6600

Large Basketball

****Be sure to pick a location free from overhead electrical power or telephone lines. Location should be free from trees that could damage or stain the inflatable. An unobstructed area should be maintained for 5 feet around and above the perimeter of the inflatable.**

Operating Instructions:

1. Ideally this unit should be set up on a level lawn area. If you must set it up on asphalt or other hard surface, please place blankets or other padded materials beneath it. Unroll and position the unit and locate the 2 inflation tubes on the back of the inflatable.
2. Place the blower in an area that is not in a direct pathway. Be certain that the blower is on a flat, dry surface.
3. Take the 2 inflation tubes: one of the tubes will connect to the blower and the other tube gets tied off with the strap that is connected to it. Make sure that the tube that is strapped to the blower is secure.
4. **Be certain all Velcro zippers are secured tightly (there are Four on the outside of the inflatable two on the bottom of the inflatable and one on each side of the inflatable)**
5. Plug the blower into your *dedicated 20-amp outlet*. If an extension cord is needed, you must make sure that it is industrial strength and not to exceed 50 feet. Stake down the inflatable in at least two opposite corners. Cover the stakes with a suitable material to protect children while they are using the inflatable.
6. Locate the on/off switch on the blower and turn it on. The inflation should take approximately 3 minutes. The blower must remain on for the duration of the time that the unit is occupied.
7. Secure the net over the entrance when it is occupied.

Deflating:

1. Remove hoops and collect all basketballs
2. Clean out any debris from the inside and turn off blower.
3. Monitor inflatable as it deflates (takes about 4 minutes)
4. Attempt to roll inflatable back up. (We realize this is very difficult!)

**Cautions:

- **Adult supervision is required at all times.**
- If the inflatable is not completely dry, please do not roll it up. Inflate and let run until dry. On a sunny day, it should only take about ½ hour.

If you have any questions or concerns, please call us immediately.
