BUSINESS HOURS....

Our locations are open Monday thru Friday, 8:30 AM to 5 PM, and Saturday, 9 AM to 3 PM. Call or check www.DurantsParty.com For seasonal hours. Arrangements can be made for an after hour appointment. Please ask a consultant.

RENTAL TIME....

Most prices quoted are for a 2-day period. If you desire to use rental items for a longer period, please call us for long-term rates.

PAYMENT TERMS....

The balance of your payment is due prior to delivery or upon pick-up at one of our showrooms. A 50% deposit is due for all tent reservations. All charges are for time out, whether the product is used or not. We accept major credit cards, cash and local checks with a valid driver's license.

DAMAGE WAIVER....

A damage waiver fee of 10% is an option available to all renters. This fee relieves the renter from liability for accidental damage to rental product. EXCLUDED from this waiver is intentional damage, misuse, lost, theft or mysterious disappearance. All damaged/broken items must be returned!

ORDER CHANGE/CANCELLATIONS...

If a customer is picking up their order, adjustments can be made at any time. Changes for delivery orders must be made no less than 48 hours prior to the scheduled delivery.

Cancellations made less than 14 days before your event forfeit all deposits. Cancellations made after delivery, installation, or pick-up forfeit all payments.

DELIVERY/PICKUP.....

Please understand our deliveries are tailgate, which means our driver will place the rental product within 20 feet of where his truck can safely back up to. Our office will be happy to quote an additional carry fee should you desire the rental product to be placed elsewhere. Delivery charges are based on zip codes. Schedules are made in advance, and you will be notified several days prior to your delivery date. Deliveries made on Saturdays or Sundays may incur an extra charge. Set-up and take-down of tables and chairs is available for an extra charge and a site plan must be provided.

EQUIPMENT USE....

Instructions will be provided for all amusement equipment rented. Please be sure to inspect all equipment upon pick up or upon delivery. After your event, tables and chairs should be knocked down, stacked, and ready for pick-up. All china, glassware, etc. should be rinsed, food free, and repacked in the containers they were received in. Linens should be refuse free and dry to prevent mildew.

APPETIZERS

The rule of thumb is 5 to 7 appetizers per person. If you're just serving appetizers without a main course then count on 7 to 8 appetizers per person.

By serving a variety of appetizers, you will please everyone. What if you have a vegetarian and a carnivore? Your best bet is to serve at least 3 to 4 different varieties of appetizers for larger parties.

The amount of food you should plan on serving depends on how many side dishes you are serving, entrees, and how extravagant your cocktail reception is. The rule of thumb is ½ lb. of uncooked meat per person, ¼ lb. of side dishes per person (2-3) dishes and 1-2 desserts.

Beautiful presentation is just as important as how good the food tastes. Think about colors and contrast. Brightly colored glass plates or patterned serving plates will show the food off nicely. Don't forget to garnish with bright flowers, lush green leaves or herbs. If you have dips to serve with the appetizers, try hollowing out a bell pepper or red cabbage to use as a container, or try a teacup, ramekin or small bowls.

TRAFFIC FLOW IDEAS

If you want to avoid congestion try breaking up your food presentation into small stations located strategically throughout your home. You want people to flow through your space and to mingle. Since cocktails are the first thing people gravitate to, try putting the bar in the back of the room. Then look for dead space to set up food stations.

You can always pass around the appetizers if you have help. If not, create an hors d'oeuvres buffet table! If you want to hide some of the clutter and save room, put a tablecloth on the buffet table and store extra bottles, ice, napkins, etc. underneath the table, for easy access during the party.

DRINK TIPS

Red wines are best served at 65°F (slightly cooler than room temperature). White wines should be chilled and served at 45-55°F. (Chill about one hour in advance of the party.) Champagnes should be served completely chilled. Red wine should also breathe for about one hour prior to drinking.

For your bar - Don't forget the garnish, which makes a world of difference. Provide olives, lemon or lime twists and peels, cherries, celery, etc. You can try freezing your beer mugs for effect and rimming your cocktail glasses with sugar or salt. And don't forget the ice!

You can assume that 10 guests will consume about 4 to 5 drinks for the evening. If you are just serving hard alcohol, that's approximately 20 shots. (Based on 1.5 oz. per shot - - 2 per person). A bottle of wine usually yields about 5 cocktails. If you buy beer, consider purchasing 6-packs or bottles.

Gin, vodka, rum and bourbon are the most common ingredients for most mixed drinks and can also be served on the rocks. You should also have essential mixers like soft drinks, soda and tonic water and orange and cranberry juice. Have wine and beer available. As far as glassware, try wine glasses, highballs, and double old-fashions.

CEREMONY

6 sq ft per person (includes aisle and actual ceremony space)

COCKTAILS

6 sq ft per person (includes standing room around Hi Top Tables & Bars)

DINNER USING BANQUET TABLES

8 sq ft per person

DINNER USING ROUND TABLES

10 square feet per person

DANCE AREA

2 to 4 sq ft per person

These are approximations determined by rules of thumb and should be used as quick reference guidelines only. Please refer to your local building and/or fire codes for requirements in your area.

CHAFING DISHES

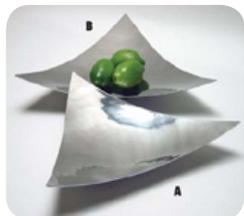

CHAFING DISH TIPS

- * Rectangular chafing dishes are great for foods that are to be kept flat such as chicken breasts, fish fillets, and lasagna.
- * Round chafing dishes are used for sauces, casserole type entrees, and some vegetables.
- * Place 2 inches of hot water in water pan of chafer.
- * Stainless food pans can be placed in oven to keep food warm.
- * Allow one buffet line per 50 guests.
- * Light fuel 30 minutes before opening the buffet.
- * Take extra fuel to cover the entire time the buffet will be open.

TIP Use greenery and flowers to garnish food platters and trays.

CUTTING A TIERED CAKE

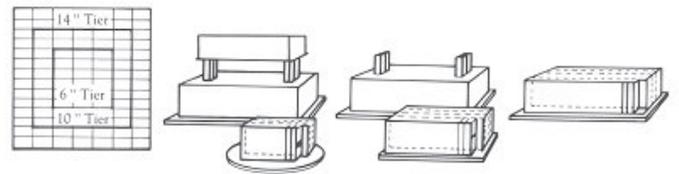

Cutting a Tiered Round Cake

Start from the top by removing the 6" tier, which is usually the bride and groom's cake to be saved. Cut a circle about 2 inches from the outer edge of the 10" tier. Work from this circle and make vertical cuts about 1 inch apart, until the ring is completely sliced. Use the same starting procedure and cut another 2-inch ring, again slicing into 1-inch pieces. Repeat the procedure until the tier is completed. Repeat entire process on 14" tier until all cake has been served.

Cutting a Tiered Square Cake

Start from the top by removing the 6" tier, which is usually the bride and groom's cake to be saved. Work from any side to cut a horizontal line about 2 inches from the outer edge of the tier. Slice from right to left to make vertical cuts about 1 inch apart, until the entire row has been sliced. Cut another horizontal line 2 inches from the new edge and slice this row. Repeat until entire tier has been cut. You should produce 5 rows in the 10" tier. Move to the 14" tier and repeat the process for 7 rows.

Turn any event into a spectacular occasion!
A Chocolate Fountain is an unforgettable experience
which will enhance your guest's memories.

A continuous waterfall of warm, rich melted chocolate
cascading over a multi-tiered Chocolate Fountain.
A sweet aroma permeating the air....with Sumptuous taste!

Your family and friends will be amazed and delighted as they
dip delicious fruits and desserts into the warm flowing fondue chocolate.
Dipping your favorite fruits into the chocolate fountain is not only a delight,
but it is a complete ice breaker for any social event.

Milk and dark chocolate are available for your gustatory pleasures.
Rent more than one fountain and really turn the event into a sublime happening.
Put dips in one fountain for fresh vegetables or hot sauces for wings during cocktail hour.

Your guests will talk about the great time they had at your event for a long, long time.

LASER TAG

**The realistic and painless way
to play paintball without the mess!**

Laser Tag is the perfect activity for birthday parties, camps, youth group events, after prom parties, school activities, company picnics, church events, etc.

Unlike traditional paintball and other laser tag systems, Laser Tag can be enjoyed indoors and outdoors. Laser Tag provides hours of fun that is safe for all ages and is growing in popularity because it provides a great alternative to dangerous sports like paintball.

It's a cost effective event as there are no expensive tanks, masks, or paintballs needed to experience Laser Tag making it a fun, safe and affordable alternative to paintball. In fact, six AA batteries (included in your rental) will provide up to 16 hours of Laser Tag Action.

SIX LASER TAGS FOR \$270

COMFORT ELITE II
TWO STALL
REST ROOMS

COMFORT ELITE III
THREE STALL
REST ROOMS

Durants two and three stall rest rooms feature two and three self-contained private comfort stations respectively, out fitted much like your guests might find in their home. Each station offers a well lit vanity, complete privacy, no stalls or side by side urinals. The attractive pristine white interiors project an ambience of ultra cleanliness. Complete with filled soap dispensers, toilet paper, paper towels and trash cans, this unit is ready to use. The unit is supplied by spigot and garden hose or a 125 gallon on board fresh water holding tank. The exclusive fold-down steps provide a spacious 38" deep landing for your guest's convenience and safety.

The two stall restroom is equipped with a 320 gallon holding tank, this rest room is ideal for small to mid-sized events, allowing approximately 900 flushes.

The three stall rest room is equipped with a 450 gallon holding tank and approximately 1250 flushes, this rest room is ideal for accommodating larger groups of people and minimizing rest room wait time. The rest room includes one male stall and two female stalls.

Both Comfort Elites offer heat or air conditioning for your guest's comfort. This unit is fully self contained using a single dedicated 20 amp outlet or Durants can provide a small generator.

Durants offers daily and weekly rentals, as well as generators and rest room attendants.
