All About Renting

BUSINESS HOURS....

Our locations are open Monday thru Friday, 9 AM to 5 PM, and Saturday, 9 AM to 3 PM. Call or check www.DurantsParty.com for seasonal hours. Arrangements can be made for an after-hours appointment. Please ask a consultant.

RENTAL TIME....

Most prices quoted are for a 3-day period. If you desire to use rental items for a longer period, please call us for long-term rates.

PAYMENT TERMS....

The balance of your payment is due prior to delivery or upon pick-up at one of our showrooms. A 50% deposit is due for all tent reservations. All charges are for time out, whether the product is used or not. We accept cash, Master Card, Visa, and local checks with a valid driver's license.

DAMAGE WAIVER....

A damage waiver fee of 10% is an option available to all renters. This fee relieves the renter from liability for accidental damage to the rental products. EXCLUDED from this waiver is intentional damage, misuse, loss, theft, or mysterious disappearance. All damaged/broken items must be returned!

ORDER CHANGE/CANCELLATIONS....

If a customer is picking up their order, adjustments can be made at any time. Changes for delivery orders must be made no less than 48 hours prior to the scheduled delivery. Cancellations made less than 14 days before your event forfeit all deposits. Cancellation made after delivery, installation, or pick-up forfeit all payments.

DELIVERY/PICKUP....

Please understand our deliveries are tailgate, which means our driver will place the rental product within 20 feet of where his truck can safely back up to. Our office will be happy to quote an additional carry fee should you desire the rental product to be placed elsewhere. Delivery charges are based on zip codes. Schedules are made in advance, and you will be notified several days prior to your delivery date. Deliveries made on Saturdays or Sundays may incur an extra charge. Set-up and take-down of tables and chairs are available for an extra charge and a site plan must be provided.

EQUIPMENT USE....

Instructions will be provided for all amusement equipment rented. Please be sure to inspect all equipment upon pick-up or delivery. After your event, tables and chairs should be broken down, stacked, and ready for pick-up. All china, glassware, etc. should be rinsed, food free, and repacked in the containers they were received in. Linens should be refuse free and dry to prevent mildew.

WAPPINGERS FALLS (845) 298-0011

Party Planning Tips

APPETIZERS....

The rule of thumb is 5 to 7 appetizers per person. If you're just serving appetizers without a main course, then count on 7 to 8 appetizers per person.

By serving a variety of appetizers, you will please everyone. What if you have a vegetarian and a carnivore? Your best bet is to serve at least 3 to 4 different varieties of appetizers for larger parties.

The amount of food you should plan on serving depends on how many side dishes you are serving, entree, and how extravagant your cocktail reception is. The rule of thumb is half a pound of uncooked meat per person, a quarter pound of side dishes per person (2-3 dishes), and one to two desserts.

A beautiful presentation is just as important as how good the food tastes. Think about colors and contrast. Brightly colored glass plates or patterned serving plates will show the food off nicely. Don't forget to garnish with bright flowers, lush green leaves, or herbs. If you have dips to serve with the appetizers, try hollowing out a bell pepper or red cabbage to use as a container, or try a teacup, ramekin, or small bowls.

TRAFFIC FLOW IDEAS....

If you want to avoid congestion, try breaking up your food presentation into small stations located strategically throughout your home. You want people to flow through your space and mingle. Since cocktails are the first thing people gravitate to, try putting the bar in the back of the room. Then look for the dead space to set up food stations.

You can always pass around the appetizers if you have help. If not, create an hors d'oeuvres buffet table. If you want to hide some of the clutter and save room, put a table cloth on the buffet table and store the extra bottles, ice, napkins, etc. underneath the table for easy access during the party.

DRINK TIPS....

Red wines are best served at 65°F (slightly cooler than room temperature). White wines should be chilled and served at 45-55°F (chill about one hour in advance of the party). Champagnes should be served completely chilled. Red wine should also breathe for about one hour prior to drinking.

For your bar- don't forget the garnish which makes a world of difference. Provide olives, lemon or lime twists and peels, cherries, celery, etc. You can try freezing your beer mugs for effect and rimming your cocktail glasses with sugar or salt. And don't forget the ice!

You can assume that 10 guests will consume about 4 to 5 drinks for the evening. If you are just serving hard alcohol, that is approximately 20 shots (based on 1.5 oz per shot, 2 per person). A bottle of wine usually yields about 5 cocktails. If you buy beer, consider purchasing 6-packs of bottles.

Gin, vodka, rum, and bourbon are the most common ingredients for most mixed drinks and can also be served on the rocks. You should also have essential mixers like soft drinks, tonic water, and juice like orange and cranberry. Have wine and beer available. For glassware, try wine glasses, highballs, and double old-fashions.

Seating & Spacing Information

These are approximations determined by rules of thumb to calculate the space needed for the amount of guests, and should be used as quick reference guidelines only. Please refer to your local building and/or fire codes for requirements in your area.
